

Pre-Workshop Checklist

- ☐ Have you received your binder with class materials?
 - ☐ If so, look through the binder, your scheduled courses, and check the included **USB stick**.
 - ☐ If not, check out **Github** repository ([link here](#)) for the courses you are taking to see if there are any installations required.
- ☐ Try to install necessary softwares the week before the workshop.
(this will allow us to help you if you run into problems)
- ☐ Have you requested off work if you need to?
- ☐ Have you filled out the pre-workshop survey?
([link here](#))
- ☐ Have you looked through the **student resources** within your binder?
- ☐ Have you made sure that you have access to a computer/the internet during the workshop?
